GRAND TOURING

THE TWISTED SISTERS

RANCH ROADS 335 • 336 • 337

START / FINISH Fredericksburg, Texas	DISTANCE Approx. 250-270 miles	ALLOW Full day • 7-9 hours
--	--	--------------------------------------

The definitive Hill Country driver's day. The route reaches the western canyon country by way of Kerrville, Medina and Vanderpool, then links the legendary Ranch Roads 337, 335 and 336 around Leakey and Camp Wood. Expect elevation, tight corners, river valleys, limestone ridges and long stretches with little development.

01 **FREDERICKSBURG → KERRVILLE**
TX-16 SOUTH | ~24 MI

Leave Fredericksburg on **TX-16 South** toward Kerrville. This is the opening leg and an opportunity to settle into the car before the increasingly technical roads farther west.

02 **KERRVILLE → MEDINA**
TX-16 SOUTH | ~25 MI

Continue south on TX-16 toward Medina. The road becomes more engaging as it leaves Kerrville, with elevation changes and tighter bends through the hills. In Medina, top off fuel if needed before turning west.

03 **MEDINA → VANDERPOOL**
RR 337 WEST

Turn **RIGHT** onto **RR 337 West**. This is the first of the Three Sisters. Follow the road toward Vanderpool through the Sabinal River country, allowing extra room for blind corners, wildlife and local traffic.

04 **LOST MAPLES COUNTRY**
VANDERPOOL / FM 187 | OPTIONAL PHOTO STOP

At Vanderpool, the route passes the gateway to **Lost Maples State Natural Area** on FM 187. A full park visit deserves its own day, but the surrounding Sabinal Canyon makes a worthwhile short scenic pause before continuing west on RR 337.

THE SISTERS BEGIN IN EARNEST

Continue on RR 337 West from Vanderpool through Leakey toward Camp Wood.

05 **RR 337 → LEAKEY**
THE SWEEPING SISTER

RR 337 descends and climbs through some of the route's most dramatic terrain. Broad sweepers mix with tighter corners and scenic overlooks above the Frio and Nueces valleys. **Keep your attention on the road and save the views for safe pullouts.**

THE SISTERS & RETURN

LEAKEY • CAMP WOOD • NUECES CANYON • EDWARDS PLATEAU

06

LUNCH: BENT RIM GRILL

657 RR 337 W, LEAKEY | SUGGESTED STOP: 60 MIN

Stop at **Bent Rim Grill** at the Frio Canyon Motorcycle Stop. Sitting directly on RR 337, it has become an informal headquarters for Twisted Sisters travelers and is known for burgers and sandwiches. Current listed hours cover lunch seven days a week. Fuel in Leakey before continuing.

07

LEAKEY → CAMP WOOD

RR 337 WEST | ~20 MI

Continue west on RR 337 to Camp Wood. This section combines broad sweepers, elevation changes and overlooks across the Frio and Nueces river country. Camp Wood is a useful fuel and water stop before the most remote portion of the route.

08

RR 335 NORTH

CAMP WOOD → TX-41 | THE OPEN SISTER

From Camp Wood, connect to **RR 335 North**. The road follows the Nueces canyon before climbing toward the Edwards Plateau. Expect big-sky views, long open sections and sudden technical corners. Fuel and cell service are limited.

09

RR 336 SOUTH

TX-41 → LEAKEY | THE TECHNICAL SISTER

At TX-41, travel east to **RR 336**, then turn south toward Leakey. RR 336 is widely considered the most technical Sister, with steep grades, blind crests, tight corners, drop-offs and limited guardrails. **Leave meaningful margin and never cross the centerline.**

10

RETURN TO FREDERICKSBURG

LEAKEY → VANDERPOOL → MEDINA → KERRVILLE → FREDERICKSBURG

From Leakey, retrace **RR 337 East** through Vanderpool to Medina, then take **TX-16 North** through Kerrville and back to Fredericksburg. This is a long driving day, so take a break in Medina or Kerrville if fatigue begins to build.

ROUTE AT A GLANCE

FREDERICKSBURG	TX-16 S	KERRVILLE / MEDINA
MEDINA	RR 337 W	VANDERPOOL / LEAKEY
LEAKEY	LUNCH	BENT RIM GRILL
LEAKEY	RR 337 W	CAMP WOOD
CAMP WOOD	RR 335 N → TX-41	RR 336
RR 336	SOUTH	LEAKEY
LEAKEY	RR 337 E → TX-16 N	FREDERICKSBURG

BEFORE YOU GO

Start with a full tank and refuel in Leakey or Camp Wood. Cell service is unreliable. Expect deer, livestock, motorcycles, cyclists, gravel and rock debris. Avoid the route in severe weather and never enter a flooded low-water crossing.

GRAND TOURING ETIQUETTE

The Sisters reward concentration and smoothness, not speed. Stay fully within your lane, slow before blind crests, respect residents and allow faster traffic to pass when safe. Fatigue matters on a route this long, so stop when focus begins to fade.

Scan the QR code to open the principal route stops in Google Maps. Always follow current road signs, closures and conditions.
